The storage unit worked great for us on our last job site. It was so nice not to have to pack up our tools every night, and so handy to leave the tools on site and yet know they were safe.

Good afternoon Lucas,

Just wanted to thank you for the great job you did in supplying, and arranging for the delivery of our container. We got a first class container in the colour that we wanted. The delivery to Christina Lake and the off-load process, could not have gone any smoother. I will certainly recommend your company to anyone interested in the purchase or rental of a storage container.

Thanks again:
