Delivery Driver

You are a hardworking team player who loves to **drive trucks** and **help customers**. You enjoy the Lower Mainland lifestyle and are looking for a Monday to Friday daytime position where you are off in time for supper most days, and are off every weekend to enjoy your free time. You are looking for a full-time position and a career as a professional driver

You want to work with a company where you are appreciated and are part of a high-functioning team. You have been driving for two or more years at a minimum of a Class 3 driver with air endorsement. You may know how to operate a forklift, as this will be required from time to time.

You believe in the constant pursuit of **Excellence** in everything you do. You understand that **Community** is important to business and vice versa. You demonstrate **Agility** – you move at the speed of business, and pivot as required to meet customer demands. And finally, you will demonstrate **Cowboy Grit** and a strong desire to persevere and get the job one.

If this sounds like YOU – we want YOU on our team!

Please apply for this job where you can start a career with a company that knows that People Matter Most - and proves it each day.

Job Description – Delivery Operator

Summary:

In this delivery operator position, Employee will be responsible for delivering storage units to clients, maintaining delivery truck, operating forklift and helping in other areas of the business as needed.

Employee will divide time between:

· Deliveries:

- o Delivering storage units to clients in a timely, professional manner
- o Making sub-contracted deliveries for other companies if required
- o Conducting delivery site surveys in advance of difficult deliveries

· Delivery Truck Maintenance:

- o Maintaining truck to ensure it continually meets all safety standards
- o Ensuring truck receives professional maintenance when required
- o Keeping all truck records and checklists up to date on ongoing basis
- o Keeping all driver records and checklists up to date on ongoing basis

· Helping Yard Manager with Maintenance of Storage Units

- o Cleaning storage units (pressure-washing, scrubbing, sweeping, etc)
- o Painting storage units as needed
- o Applying decals to sales and rental storage units
- o Maintaining storage yard in Calgary

· **Miscellaneous:**

- o Operating forklift in storage yard to load, unload, and move containers
- o Helping with miscellaneous tasks in the yard and office as required

Employee may also be required to perform a number of additional duties at the request of Secure-Rite, which contribute to the overall goals of Secure-Rite.

The above-mentioned job description is not intended to be exhaustive but merely to serve as a guideline for the general role to be played by Employee as a member of the team at Secure-Rite Mobile Storage Inc.
